Term Work:

At least ten experiments covering entire syllabus for ETC 703: Optical Communication and Network and ETC 704: Microwave and Radar Engineering be set to have predefined inference and conclusion. Simulation based experiments are also encouraged. An attempt should be made to make experiments more meaningful, interesting and innovative. Term work assessment must be based on the overall performance of the student with every experiment graded from time to time. The average of grades converted in to marks should be taken into account for term work assessment.

Practical and Oral examination will be based on entire syllabus of ETC 703 and ETC 704
