## Internal Assessment (IA):

Two tests must be conducted which should cover at least $80 \%$ of syllabus. The average marks of both the tests will be considered for final Internal Assessment.

## End Semester Examination:

1. Question paper will comprise of 6 questions, each carrying 20 marks.
2. The students need to solve total 4 questions.
3. Question No. 1 will be compulsory and based on entire syllabus.
4. Remaining question (Q. 2 to Q .6 ) will be selected from all the modules.

## Term Work/ Tutorial:

At least 08 assignments covering entire syllabus must be given during the 'class wise tutorial'. The assignments should be students' centric and an attempt should be made to make assignments more meaningful, interesting and innovative.

Term work assessment must be based on the overall performance of the student with every assignment graded from time to time. The grades will be converted to marks as per 'credit and grading system' manual and should be added and averaged. Based on above scheme grading and term work assessment should be done.
