

# NETWORK CABLING TRAINER

## MODEL - NTCABLE100

This trainer provides training of hardware and software theory of Local Area Networking of Computers with experiments.

### SPECIFICATIONS

- |                                 |   |                         |
|---------------------------------|---|-------------------------|
| 1. Serial Communication         | : | RS-232 Com Port - 9 pin |
| 2. Parallel Communication       | : | 25 pin LPT port         |
| 3. Rj45 Cable Communication:    |   |                         |
| Maximum Speed                   | : | 10Mbps.                 |
| 4. USB 2.0 Cable Communication: |   |                         |
| Maximum Speed                   | : | 200Mbps.                |
| 5. Accessories:                 | : |                         |
| RS-232 COM1 Cable               | : | 2 Nos.                  |
| DB25 Parallel cable             | : | 2 Nos.                  |
| Manual                          | : | 1 No.                   |

### EXPERIMENTS

1. Study of Serial and Parallel Port
2. Study of Serial Communication
3. Study of RJ-45 Port Communication
4. Study of USB Link Communication

In keeping view of SIGMA policy of continuous development and improvement, the Specifications may be changed without prior notice or obligation.
